SP2TX Supplier Profile and Quality Statement

For Distributor / Marketplace Onboarding

Company Information

Field	Value
Legal name	SP2TX Inc.
Address	#105-312, Institute of Molecular Biology & Genetics, Seoul National Univ., Seoul, Republic of Korea
Telephone	+82 2 3285 0924
Fax	+82 2 3285 0925
Website	https://sp2tx.com
Business type	Peptide synthesis company and research-use peptide reagent supplier
Primary products for listing	Tirzepatide RUO (FM0T01); Melittin RUO (FM0M01)

Capabilities

- Synthetic peptide production for research-use materials.
- Lot-specific analytical release with Certificate of Analysis.
- Identity confirmation by mass spectrometry and peptide sequencing where applicable.
- HPLC purity release and related substance testing as shown in product-specific COAs.
- Product vialing and labeled RUO packaging.

Quality Statement

SP2TX Inc. releases peptide products with lot-specific analytical documentation. Current COAs include product identity, batch number, manufacturing and expiry dates, molecular formula, molecular weight, peptide sequence, appearance, identification by mass spectrometry and peptide sequencing, amino acid analysis where applicable, and purity / impurity results. Products are labeled for Research Use Only unless a separate qualified ingredient pathway is documented.

Supplier Portal Upload Package

- Product specification sheet for each SKU
- Lot-specific COA
- Product vial image
- SDS / safety data sheet
- RUO compliance attestation
- Price list / catalog upload spreadsheet
